JURY REPORT

The Jury of AUSTRALIA 2013 World Stamp Exhibition has completed judging. We were pleased to see the high standard of exhibiting being maintained at this show.

Altogether 684 exhibits were judged and this resulted in 49 Large Gold medals and 121 Gold medals being awarded. All judgments were made unanimously and harmoniously. There were a number of exhibits transferred to different exhibition classes to enable them to achieve higher awards. It was with regret that 9 exhibits were not shown.

The Jury was particularly pleased to see many first-time exhibits as well as exhibits from the One-frame Class and Modern Philately collections from novice and experienced exhibitors. Open Philately exhibits were on display for the first time since the new regulations were approved. It was very nice to see such interesting and high level exhibits.

We would like to express our gratitude to the AUSTRALIA 2013 Organising Committee, the FIP Consultant and National Commissioners for their efficiency and hard work. We are very pleased that the Australia Post has contributed significantly as the major sponsor.

We were pleased to see the exhibits in the Court of Honour for the public to enjoy and the high quality of the Youth Class exhibits.

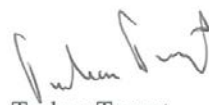

Finally, we wish to thank the Organising Committee for their hospitality, friendship and for providing us with excellent facilities and support which enabled us to accomplish our task on schedule despite the high number of exhibits on display.

REPORT OF THE EXPERT GROUP

The Expert Group of AUSTRALIA 2013 made a specific review of exhibits, which had been queried at previous FIP (including FIAP/FEPA/FIAF) exhibitions where certificates were requested. Out of 36 items identified, 12 had certificates provided, 22 were not exhibited, one exhibit which was the subject of previous examination was absent and another item in exhibit No 3.4.10 "The Rise and Fall of the American Merchant Marine as a Trans-Atlantic Mail Carrier 1800-68" was exhibited without the required certificate and the Expert Group recommended that this exhibit has 5 points deducted.

Members of the Group also inspected as many exhibits as possible in each competitive class except the Youth Class. Dubious items reported by judging teams were checked. In addition, all the exhibits in the Championship Class were examined.

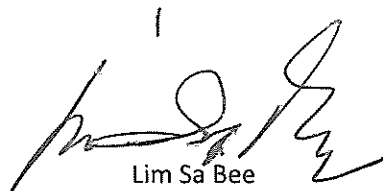

As a result, a total of 62 new items were removed from the frames for closer examination and the recommendations of the Expert Group were as follow:

No action required	7 items
Has to be certified	44 items
Do not exhibit again	6 items
Improve description	5 items
Total	62 items

The reports of the items examined together with illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to respective exhibitors and National Federations. This would ensure that the decision had been properly conveyed. Copies of the same documents in colour were retained for FIP records.

The Expert Group, consisting of Mr Lim Sa Bee, Dr Pichai Buranasombati and Mr Eduardo Escalada-Goicoechea, would like to thank the judging teams and the National Commissioners for their co-operation as well as the Organizing Committee for the excellent facilities for the smooth working of our group.
